Plastic Slate Roofing!

**THE COMBINATION OF PULVERIZED
slate and viscous matter as a roofing ma-

adapted to every shape and slope. It is non-
combustible, impervious, non expansive, and
indestructible. Frost does not crack, nor heat
dissolve it. The only roofing material ever
discovered that will stand the action of the
elements as long as the structure it pro-
tects. For repairing roofs of all kinds, Plastic
Slate has never been equalled, while it has proved
an invaluable acquisition to the mechanic
arts as a preserver of metal and wood when
inhabited in water or earth or exposed to
the weather. Being susceptible of little, if
any wear from exposure, and perfectly fire-
proof, it is unequalled as a material for rail-
road and farm buildings, fences and bridges, iron

CONGRESSIONAL PROCEEDINGS.
WASHINGTON, June 27.
SENATE.
Mr. Anthony introduced a bill to estab-
lish a central ocean post routes between the
United States and Europe, and to
regulate the transportation of mail and
therein and reduce the expenses there-
of, which was referred to the Committee
on Post Offices and Post Roads.
Mr. Wade, from the Committee on
the District of Columbia, reported a
bill to repeal the act to reduce the coun-
ty of Alexandria to the State of Vir-
ginia. The object of the bill is to make
Alexandria a part of the District of
Columbia.
Messrs. Sherman, Wilson and Yates
were appointed a Committee of Confer-
ence on the part of the Senate, on the
Army Appropriation bill.
Mr. Sherman called up a bill to aid
in the construction of telegraph lines,
and to secure to government the use of
the land for postal, military and other
purposes.
Mr. Grimes moved to amend the 1st
section by striking out the words "the
National Telegraph Corporation," and
inserting in place thereof, "to be organized,
or authorized to be organized under the
laws of this Union, shall have the right,
etc.," and insert in place thereof, "to be
organized, or authorized to be organized
under the laws of this Union, shall have
the right, etc.," and insert in place thereof,
"to be organized, or authorized to be
organized under the laws of this Union,
shall have the right, etc.," and insert in
place thereof, "to be organized, or au-
thorized to be organized under the laws
of this Union, shall have the right, etc."
The bill was passed by a vote of 23
yeas to 12 nays.
The action of the American
Government towards the Fenians in
the United States gives general satis-
faction.
The London Times of to-day satis-
fies the Washington Government and
says it would be impossible to ex-
change the Fenians for the friends of
the monarchy, and the regard for mu-
tual obligations which have prompted
these energetic and patriotic actions.
The government has acted in a man-
ner which even exceeds anything that
could reasonably have been expected.
The Fenians are now in a position
which expresses gratitude that such
distinguished officers as Generals Grant
and Sherman, should have been called
into the scene, and says that energetic
actions of genuine friendship will be long
and cordially remembered. The Fenians
